

Carestream Dental Ltd – Equipment Terms and Conditions

1. **Transaction.** These Equipment- specific terms and conditions constitute an agreement by which Carestream Dental Ltd., (“CSD”) shall sell, lease or otherwise transfer operations and/or ownership of one or more hardware pieces of equipment (“**Equipment**”) to Customer. Equipment might require installation by CSD certified technicians, as determined by CSD (“**Installed Equipment**”), or might not require installation, e.g. intraoral cameras and other smaller sensors (“**Small Equipment**”). Some Equipment may be sold with software (“**Equipment Software**”), which Carestream Dental shall license to Customer as detailed herein.
2. **Equipment.** Equipment will be transferred to the Customer by CSD as shown in the Order, whether by sale, lease, or other arrangement. If required, Equipment should only be used with most current Equipment Software. Any other use voids all warranties herein.
3. **Fees and Payments.** Unless otherwise provided in the Order, full payment for Small Equipment is required prior to shipping. For Installed Equipment, 50% of both the first year’s license fee and the purchase price of all Installed Equipment are due and payable as a “**Deposit**” upon execution of your Order. The balance is due and payable prior to shipment. If CSD attempts to schedule or deliver Equipment or other products to Customer and Customer fails to agree to a delivery date or to accept such delivery within the 12-month period following the Effective Date, CSD shall be entitled to retain, in CSD’s sole discretion, Customer’s Deposit as liquidated damages and not as a penalty. Customer acknowledges that damages for failure to schedule or accept delivery within a reasonable time are difficult to ascertain and the amount of the Deposit is a reasonable estimate of the damages that would probably be caused by such failure.
4. **Shipping.** We will deliver Equipment and other products to the address you specify to us in writing prior to each delivery. We will select the timing and method of transportation and prepay the transportation charges including transit insurance. We will invoice you for the transportation charges. Shipping and handling charges are subject to change. You will bear the risk of loss of, and damage to, the Equipment and other products, after delivery except that we will bear the risk of loss for damages incurred during shipping that you report to us within five business days of delivery. You will inspect the Equipment and other products promptly upon arrival and report all visible damage to the shipper within five business days of arrival. Effective December 20th, 2021, incremental carrier surcharges where applicable will be included in the standard shipping and handling fees quoted and subsequently invoiced.
5. **Returns.** Product returns are not permitted, except for cases where the return has been authorized in writing by CSD. Under no circumstances will Carestream Dental accept any return of Installed Equipment more than 90 days after installation or any return of Small Equipment more than 90 days after shipping. Software license fees, training fees, shipping and handling fees, and other service fees are non-refundable. No returns will be accepted without a Return Merchandise Authorization (“**RMA**”) number issued by Carestream Dental, which will include return instructions that must be followed. The RMA number must be included on the packing slip for returned material(s). Returns must be delivered to Carestream Dental within 10 days after the RMA is issued. Late returns will be refused. All returned products must be in good working order and include all original packing materials and accessories. Carestream Dental will impose a restocking fee equal to 20% of the item purchase price on all returns and deduct that amount from the credit issued to the account. Consumable items, including sheaths, bite plates, bite sticks, chin rest, paddles, rinn kits, cables, holders and hubs, are not eligible for return.
6. **License.** If Equipment Software is delivered to Customer, CSD hereby grants Customer and Customer hereby accepts, a non-exclusive, non-sublicensable, non-assignable (except as described in Section 6(a) below) license under all property, intellectual property, and other rights of CSD to use only in connection with Customer’s dental practice and during the Term, the number of copies of the Equipment Software indicated in the Order or that CSD delivers to Customer at the site indicated on the Order, and to make one copy of the Equipment Software solely for backup and archival purposes (collectively, with all provisions of this Section 6, the “**License**”).
 - a. In the event that you sell the Equipment and License for the Equipment Software to a third party, effective upon notification to CSD and that third party’s agreement to the provisions of this Agreement, as evidenced by CSD’s receipt of your written certification that you have irrevocably destroyed all copies of the Equipment Software on your retained computer system(s) and by the execution of a License Transfer Agreement and payment of License Transfer Fee by the third party, the License will then need to be purchased by the new owner.
 - b. You shall not:
 - i. use or copy the Equipment Software except as expressly permitted in this Agreement;
 - ii. translate, reverse engineer, decompile or disassemble, or assist any third party in translating, reverse engineering, decompiling, or disassembling, the Equipment Software;
 - iii. remove, obfuscate, alter, or destroy, or assist any third party in removing, obfuscating, altering, or destroying, any notice or legend of the Equipment Software pertaining to the ownership of the Equipment Software or intellectual property rights therein;
 - iv. rent, lease, or assign the Equipment Software or License except as described in or permitted by this Agreement;
 - v. modify, or assist or allow a third party to modify, the Equipment Software;
 - vi. use the Equipment Software to operate a service bureau that provides services to non-patient, third parties; or
 - vii. retain any copies of the Equipment Software after you sell the Equipment and License for the Equipment Software to a third party.
 - c. The above restrictions shall survive termination of this Agreement for any reason. You obtain no rights in or to the Equipment Software other than the License granted in this Agreement and we reserve all rights not expressly granted herein. As between CSD and Customer, CSD retains title to and exclusive ownership of the Equipment Software and any copy, modification, adaptation, improvement, or derivative work related to it. If you make any modification, adaptation, improvement, or derivative work to/of the Equipment or Equipment Software, as the case may be, you hereby assign all rights to CSD for that modification, adaptation, improvement, or derivative work and you shall assist CSD in any efforts necessary to perfect and document such modification, adaptation, improvement, assignment, or derivative work. If the Equipment Software is used in a country of the European Union, nothing in this Agreement shall be construed as restricting any rights available under the European Union Software Directive (91/250/EEC).
 - d. Customer is responsible for installing all Updates, whether or not payment is required for such Updates or expenses are necessary to adapt Customer’s systems to such Updates; failure to do so waives all liability or warranties of CSD.
7. **Third Party Software.** Certain software delivered by CSD to you may comprise third party software (e.g., Microsoft Windows). Third party

software is delivered to you “as is”, and no representations and warranties are made by CSD with respect thereto. Your right to use third party software, all warranties regarding third party software, and all other terms and conditions relating to third party software will be governed by the separate agreements included with such third-party software.

7. **Relocation or Multiple Locations.** Customer may relocate the Equipment Software to another site but only with our prior written consent; provided that all of the Equipment Software, and all copies of it located at the old site are irrevocably destroyed and moved to the new site. Any relocation, installation, and other labor performed by CSD with reference to such relocation will be billed to Customer at our then-current rates. Fees and charges indicated in the quote include only the base license. If the system is to be used in multiple locations, additional license fees may be due. License fees are not transferable. Should any location(s), including the main office of your practice, be sold or otherwise transferred to a party other than the named Customer in this Agreement, or should the Customer's entity (i.e., partnership, corporation, etc.) be dissolved, transfer fees and/or additional license fees may be due. With the exception of Equipment Software, all Equipment relocation must be completed by CSD certified technicians. During the relocation period, the Warranty period shall not apply. Upon recertification by CSD approved technicians, the Warranty period will resume.
8. **Leasing.** In the event of a lease by CSD to Customer, the following provisions shall apply:
 - a. **Title.** CSD shall at all times retain title to the Product, and Customer shall not represent otherwise to any person or entity. Copies of all documents of title and evidence of delivery shall be delivered to CSD. Customer shall not change or remove, or engage a third party to change or remove, any notice, legend, insignia or lettering that is on the Product or that is thereafter placed thereon indicating CSD's ownership thereof; and at any time during the lease term, upon request of CSD, Customer shall affix to the Product, in a prominent place, labels, plates or other markings supplied by CSD identifying the owner of the Product. CSD is hereby authorized by Customer to file or record and refile and rerecord Uniform Commercial Code Financing Statements setting forth CSD's interest in the Product. Customer shall indemnify CSD and defend CSD's title against all persons claiming against (through actions other than actions of CSD) or through Customer, at all times keeping the Product free from any legal process or encumbrance whatsoever resulting from, by, or under any acts of Customer including, but not limited to, liens, attachments, levies and executions, and shall give CSD immediate written notice thereof and shall indemnify CSD from any loss caused thereby. Customer shall execute and deliver to CSD, upon CSD's request, such further instruments and assurances as CSD deems reasonably necessary or reasonably advisable for the confirmation or perfection of CSD's rights hereunder. Customer grants CSD the right to inspect the Product at any time and hereby grants access to the locations at which the Product is stored or operated.
 - b. **Risk of Loss.** Except to the extent caused by the acts or omissions of CSD or arising out of a breach of this Agreement by CSD, Customer shall bear the entire risk of the leased Product being lost, destroyed or otherwise unfit or unavailable for use from any cause whatsoever (an “Event of Loss”) after it has been delivered by CSD to a common carrier for shipment to Customer. If an Event of Loss shall occur with respect to the Product, Customer shall promptly notify CSD of that fact in writing. Except to the extent caused by the acts or omissions of CSD or arising out of a breach of this Agreement by CSD, within

30 days Customer shall pay to CSD an amount equal to any lease fee payment due and payable with respect to the Product on or prior to such date, plus a sum equal to the replacement value of the Product as of the date of such payment (which, for purposes of this Agreement, shall be determined in good faith solely by CSD in direct relation to the value of the portion of the Product deemed to have been lost).

9. Term and Termination.

- a. **Term.** Equipment sales are effective on the Effective Date. Licenses to Equipment Software commence on the Effective Date. Lease terms are effective on Effective Date.
- b. **Termination for Cause.** If either party fails to perform any material obligation under this Agreement, then the non-defaulting party may give written notice to the defaulting party specifying the material breach. If the material breach is not corrected within 30 days after the date of such notice, then the non-defaulting party may terminate this Agreement upon written notice to the defaulting party. The right of the non-defaulting party to terminate this Agreement is in addition to all other rights that are available to it.
- c. **Effect of Termination.** Upon any termination or expiration, you will pay us all amounts you owe to us under this Agreement through the date of termination or expiration. You will retain any Equipment, laptops, other equipment or software licenses for which we have been fully paid; you will return any Equipment, laptops or other equipment, and irrevocably delete and cease using any software with certification to that effect to us, that has been leased, rented or not fully paid for, within five (5) days of termination.
