

R4+ NHS England Complex Care Pathways

Concurrent Scenarios Code Lookup

This 5-page job aid is intended for all team members and provides convenient lookup tables to help practices that are adjusting to the new NHS Contract determine which treatments are allowed concurrently with Complex Care Pathways (CCP).

The following tables are sorted by Treatment type and each lists the treatment codes that are allowed concurrent to CCPs.

While a Complex Care Pathway is active, the following scenarios apply:

1. **Unscheduled Care (AKA Urgent)** – You can have as many of these courses as needed, and it does not affect the CCP. This is a completely independent claim and not linked to the pathway.
2. **Denture Repair** – Denture Repair treatments remain free to Patients as a Charge Exempt item, but the treatment must occur outside of the CCP or it is absorbed by the CCP's Band 2.
3. **Denture Modifications** – Denture Modification treatments are Band 2 Treatments but are separate to those included in the CCP because the Patient does not pay as the Band 2 is consumed by the CCP's existing Patient Charge. This is unlike Denture Modifications outside of CCPs, which is Band 2. The claim will receive the additional UDA taking into account that the main Band 2 UDA is received against the Complex Care Pathways Final Declaration.

If a Denture Modification is part of a Band 3, the patient is charged a Band 3 charge.

4. **Band 3** – This is effectively treatments not covered by CCP or by any of the three preceding scenarios, but the Patient Charge is different. The Patient only pays the Difference between the CCP's Band 2 and a normal full Band 3 charge.

Denture Repair	
DPB Code	Description
2801	Denture Repair Crack - Upper
2802	Denture Repair Crack - Lower
2803	Denture Repair - Refix Clasp - Upper
2804	Denture Repair - Refix Clasp - Lower
2811	Denture - Other Repairs Upper
2812	Denture - Other Repairs Lower
2821	Denture Repair - Impression Tech Lower
2911	Obturator - Repair
5501	Denture Repair - Crack Upper (OCC)
5502	Denture Repair - Crack Lower (OCC)
5503	Denture Repair - Refix Clasp Upper (OCC)
5504	Denture Repair - Refix Clasp Lower (OCC)

Denture Repair	
5511	Denture - Other Repairs Upper (OCC)
5512	Denture - Other Repairs Lower (OCC)
5521	Denture Repair - Impr. Technique Addn fee (OCC)

Denture Modifications (Addition / Reline / Rebase)	
DPB Code	Description
2701	Denture - Resin to Occ Surf of Existing
2711	Denture - Temporary base Upper
2712	Denture - Temporary base Lower
2721	Denture - Other Treatment prior to Provision
2863	Denture Addition - Tooth
5563	Denture Addn - Tooth (OCC)
2746	Denture - Tooth Backing
5916	Denture - Tooth Backing (OCC)
2734	Denture - Addnl Fee for Lingual or Palatal Bar
2761	Denture - Soft Lining Upper
2762	Denture - Soft Lining Lower
2771	Denture - Special Tray - Upper
2772	Denture - Special Tray - Lower
2781	Denture - Metal Strip Identification - Upper
2782	Denture - Metal strip Identification - Lower
2861	Denture Addition - Clasp Upper
2862	Denture Addition - Clasp Lower
2865	Denture Addition - Gum Upper
2866	Denture Addition - Gum Lower
2871	Denture - Other Additions Upper
2872	Denture - Other Additions Lower
5561	Denture Addn - Clasp Upper (OCC)
5562	Denture Addn - Clasp Lower (OCC)
5565	Denture Addn - Gum Upper (OCC)
5566	Denture Addn - Gum Lower (OCC)
5571	Denture - Other Additions Upper (OCC)
5572	Denture - Other Additions Lower (OCC)
5904	Denture - Synth - Addnl Fee Ling/Palatal Bar (OCC)
5931	Denture - Soft Lining Upper (OCC)
5932	Denture - Soft Lining Lower (OCC)
5941	Denture - Special Tray Upper (OCC)
5942	Denture - Special Tray Lower (OCC)
5951	Denture - Metal Strip Identification Upper (OCC)
5952	Denture - Metal Strip Identification Lower (OCC)
2851	Denture Repair - Reline/Rebase Upper
2852	Denture Repair - Reline/Rebase Lower

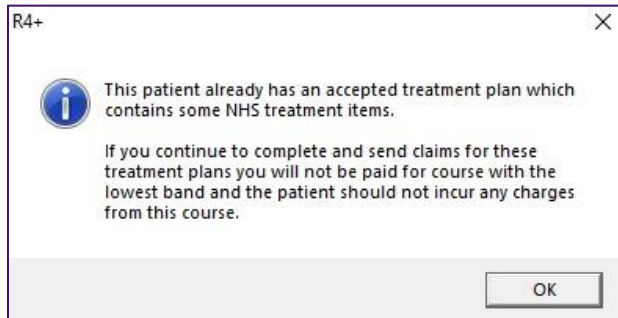

Denture Modifications (Addition / Reline / Rebase)	
2853	Denture Repair - Reline/Rebase + Flange Upper
2854	Denture Repair - Reline/Rebase + Flange Lower
2855	Denture Add/Renew - Soft Lining Upper
2856	Denture Add/Renew - Soft Lining Lower
5551	Denture Repair - Reline/Rebase Upper (OCC)
5552	Denture Repair- Reline/Rebase Upper (OCC)
5553	Dent. Rep. - Reline/Rebase + Flange Upper (OCC)
5554	Denture Repair - Reline/Rebase + Flange Lower (OCC)
5555	Denture Add/Renew - Soft Lining Upper (OCC)
5556	Denture Add/Renew - Soft Lining Lower (OCC)

Band 3		
DPB Code	Category	Description
1711	Crown PM	Cast Crown Precious Metal full or 3/4
6522		Incomplete Full Crown Precious Metal
1712	Crown Alloy	Cast Crown Non Precious Metal Full/Jkt
6523		Incomplete Full Crown Non Precious Metal
1716	Crown Porc. / Resin	Porcelain Jacket Crown
1726		Crown - Synthetic Resin
6501		Incomplete Porcelain Jacket Crown
1721	Crown Porc. Bonded	Crown - Porcelain Bonded to Gold or PM
1722		Crown - Porcelain Bonded to Non-Precious Metal
1723		Crown - Porcelain Bonded to Platinum
6511		Incomplete Cast Crown Gold/PM + Porc
6512		Incomplete Cast Crown Non-PM + Porc
6513	Crown Plat Coping	Incomplete Porc Crown Bonded to Platinum
1731	Crown Prefab	Crown - Core/Post Cast in Precious Metal Alloy
1732		Crown - Core/Post Cast in Non-Precious Metal Alloy
1733		Crown - Core/Post (Prefabricated)
5104	Crown	Remove Fractured Post at/below Root (OCC)
1751	Crown Other Materials	Crown - Other
2731	Denture Full Upper Acrylic	Denture - Full Upper - Synthetic
5901		Denture - Synthetic - Full Upper (OCC)
2733	Denture Partial Acrylic	Denture - Partial - Synthetic
5903		Denture - Partial Synthetic (OCC)
2732	Denture Full Lower Acrylic	Denture - Full Lower - Synthetic
5902		Denture - Synthetic - Full Lower (OCC)
2741	Denture Full Upper Metal	Denture - Full Upper - Metal
5911		Denture - Full Chrome/SS Upper (OCC)
2743	Denture Partial Metal	Denture - Partial - Plate - Metal
2744		Denture - Partial - Single Bar - Metal
2745		Denture - Partial - Multi Bar - Metal

Band 3		
2751	Denture Full Lower Metal	Denture - Other Metal
5921		Denture - Other Metal (OCC)
2742		Denture - Full Lower - Metal
5912		Denture - Full Chrome/SS Lower (OCC)
2743	Denture Partial Metal	Denture - Partial - Plate - Metal
2744		Denture - Partial - Single Bar - Metal
2745		Denture - Partial - Multi Bar - Metal
2751		Denture - Other Metal
5921		Denture - Other Metal (OCC)
1601	Veneer	Porcelain Veneer
6401		Incomplete Porcelain Veneer
1701	Inlays, Pinlays, Onlays	Inlay/Pinlay - 1 Surface
1702		Inlay/Pinlay - 2 Surfaces
1703		Inlay/Pinlay - 2 Surfaces: Incisal Angle
1704		Inlay/Pinlay – 3 or more Surfaces
1735		Inlay Facing
1801	Bridge Gold	Bridge Retainer - Gold Inlay Compound Cavity
1802		Bridge Retainer - Gold Inlay CCC or 3/4 Crown
1803		Bridge Retainer - Gold Crown Cast Full
1804		Bridge Retainer - Precious Metal Crown Cast Full
1807		Bridge Retainer - Bonded Gold or P/Metal
1811		Bridge Retainer - Core & Post - Cast P/Metal
1821		Bridge Pontic - Not Acid Etch - 60% fine Gold
1805	Bridge Alloy	Bridge Retainer - Non Precious Crown Cast Full
1808		Bridge Retainer - Non-precious/Bonded Porcelain
1812		Bridge Retainer - Core & Post - Cast Non-P/Metal
1813		Bridge Retainer - Core & Post - Prefab Non-P/Metal
1822		Bridge Pontic - Not Acid Etch - PM
1823		Bridge Pontic - Not Acid Etch - Non-PM
1825		Bridge Pontic - Not Acid Etch - Porc Bond PM/Gold
1826		Bridge Pontic - Not Acid Etch - Porc Bond Non-PM
1831	Bridge Acid Etch	Bridge Retainer - Acid Etch
1832		Bridge Pontic - Acid Etch
1806	Bridge Other Materials	Bridge Retainer - Porcelain Crown Full
1824		Bridge Pontic - Not Acid Etch – Porcelain
1827		Bridge Pontic - Lab processed Composite Facing
1841		Bridge - Other
2941	Bite Raising Appliance	Heat Cured Acrylic Occlusal Appliance
3621		Occlusal Equilibration
2991	Other Appliance	Appliances - Other
2924	Splints	Splint - Lab Fabricated Heat Cured Acrylic
2925		Splint - Cast
2926		Splint - Other

Note:

- When there is an active CCP course of treatment and you add a second NHS treatment plan, a warning message is displayed. This message can be bypassed for these particular cases, though it still applies outside of CCP courses.

- Add-on UDAs share a 12-UDA cap on top of the CCP's monthly limit.
- Band 3 courses alone get their own single FP17 claim form. The outcome is the one permitted concurrent Band 3 course (up to 12 UDAs) with one Band 3 charge.
- Denture modification codes have one claim, with the outcome being one denture modification type is a Band 2 and the CCP is credited +2 once, with one Band 2 charge.
- Denture Modification + Band 3 (denture provision / crown / bridge) will have a Band 3 claim with one Band 3 charge (modification is absorbed so 12 UDAs only).
- Denture Repair + a Denture Modification or Band 3 will result in separate FP17 claims by type. The resulting charge is Repair +2, Mod +2 – with a combined cap of 12 when a Band 3 is in play.
- Denture Repair / Denture Modification / Band 3 Concurrent courses can be closed and the claims generated, but these claims cannot be sent yet as the Ready to Send button is temporarily disabled until the board is ready to receive the transmission. This functionality will be made available in a future release.
- Unscheduled care is its own one-off claim and kept separate.
- Two courses of the same type (e.g. two Band 3 courses) will not have the same course—there is a limit of one per type and only one is awarded UDAs.
- Excluding unscheduled care, the board only expects one occurrence of a course and claim concurrent with a CCP, which will pay an additional 2/12/+2 UDA Value, but if there are any more concurrent courses during the 6/10 months then they will not reject it but will pay any UDA value.
